

POTOMAC HUNT FOXCHASING CLINIC
(CHILDREN AND ADULTS WELCOME)

POTOMAC HUNT KENNELS, BARNESVILLE, MD
9:00 A.M. TO 1:00 P.M.

This is a mini clinic with mounted and unmounted sessions to inform the experienced as well as the inexperienced rider about the sport of foxchasing and the etiquette and situations that arise in the hunt field.

Riders will be split into two groups. There will be a **First Field**, which will consist of riders who are cantering and jumping under control. The jumps will not exceed 3'3". The non-jumping group, the **Second Field**, will be for riders who are trotting and cantering under control. There will also be the possibility of participating as a **Foot Follower**, for those who come without horses and wish to experience the fun from a different perspective.

The Potomac Huntsman, Larry Pitts will speak of his work and introduce you to the pack. He will discuss the care and training of the hounds. A question and answer period will follow.

The Potomac Hunt will provide lunch during which there will be a demonstration of the proper attire worn in the hunt field followed by a short discussion and question period.

The Clinic begins at 9:00 a.m. Riders are requested to be ready with their mounts 15 minutes before the clinic begins. Casual attire, hard hat with harness, riding shoes or boots and gloves are required.

The registration fee with a release and waiver of liability must be signed and returned with the registration form prior to the start of the clinic. For more information please refer to the Potomac Hunt web site at www.potomachunt.com. On the day of and 48 hours prior to event date, additional information will be available only on the Potomac Hunt Monitor at 301-972-8017.
